[www.canstruction-boston.org](http://www.canstruction-boston.org)

2017 marks the 22nd Anniversary of Canstruction Boston, where Boston-area Architects, Engineers, Contractors, Designers, and Students design and build structures made entirely from canned foods, with the goal of raising awareness of hunger issues in Massachusetts, while collecting food to benefit hundreds of people facing food insecurity.

Canstruction has grown to become one of the largest contributors to food banks in the world, with 140 cities world-wide holding design/build competitions. Since its humble beginning in 1992, Canstruction has donated over 20 million pounds of canned foods to alleviate the scourge of hunger and malnutrition. In the last 21 years, Canstruction Boston has raised over 882,000 pounds of food for those in need.

From October 8-October 27, Boston Canstruction will be held at BSA Space & Atlantic Wharf to benefit the Merrimack Valley Food Bank. The MVFB is a community-sponsored 501C-3 non-profit organization that provides nutritious food to emergency feeding programs serving the low-income, homeless and hungry in 43 communities. They are one of four food banks in Massachusetts that serves food pantries, shelters and meal programs that help individuals and families; and distributes over 3 million pounds of food annually to hundreds of local hunger-relief agencies in a dedicated partnership to feed our region's hungry.

## event dates

**May 19 @ 7:30am**  
**@ BSA**

team kick-off meeting  
(rules/regulations)

**May 22 @ 6:00pm**  
deadline for Call for Entries
